

700 Sixth Street NW - Rooftop Railings

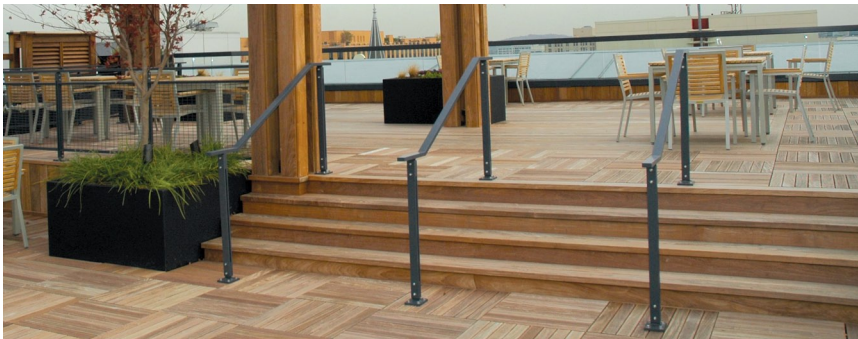

Location Washington, D.C
Designer/Architect Hellmuth, Obata + Kassabaum Inc.
Duration Aug 2008 - Oct 2008

Scope - Soheil Mosun Limited was contracted to fabricate and install the rooftop railing system at 700 Sixth Street NW in Washington D.C.

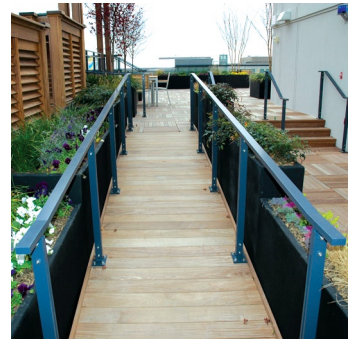

Highlights - The railings were fabricated using extruded aluminum tube, wire mesh and plate then painted in a UV stable powder coated finish. All hardware is stainless steel. In January 2010, SML was selected the winner of the Washington Building Congress Craftsmanship Award® which recognizes SML's outstanding skill and achievement on its scope of work for the 700 Sixth Street NW project.
